

NJBIZ Vanguard Series on Law Profiles Steven Senior and Frank Vitolo

Riker Danzig Environmental Partner Steven Senior and Litigation and Real Estate Partner Frank Vitolo were included in the *NJBIZ* “Vanguard Series” on Leaders in Law. Steve and Frank were selected for the series with other New Jersey attorneys who “made their marks” over the past 12 months.” The Vanguard Series, which will be profiling several industries over the coming months, is designed to highlight leaders who are doing “important” and “exemplary” work.

Of Frank, *NJBIZ* said, “Frank Vitolo is well-connected. Take his 10 years of running the Republican Party in Morristown and add that to his current board positions at the Morristown Partnership and Morris Arts, and you have the go-to lawyer for some of the town’s larger land-use projects. Whether politician or developer, he knows ‘em all”

Steve was lauded for his work on the Site Remediation Reform Act. “The New Jersey Site Remediation Reform Act completely flipped the script on how contaminated sites in the state are cleaned up . . . That was in 2009, and Riker Danzig Scherer Hyland & Perretti LLP’s Steve Senior helped develop it. Today, Senior, a partner in the firm’s Environmental Group, is working with others on the next round of reform, dubbed SRRA 2.0”
