

Partner Frank Vitolo Speaking at Morris Arts Breakfast Panel Re Real Estate Development

Real estate developers are increasingly recognizing the value of incorporating art into buildings and spaces. Partnerships between artists and real estate developers support creative work, build a sense of community among new and existing residents, and can help shape the planning process. Riker Danzig partner Frank Vitolo, along with a panel of professionals in real estate, design, arts and government, will be speaking at the Morris Arts breakfast seminar the morning of October 30, 2018. The event will be held at the Park Avenue Club in Florham Park and will start at 8:00 AM. Please RSVP to tskirzenski@morrisarts.org.
