

# Riker Danzig Partner Quoted Re New Transportation Technologies

Logistics Partner Ronald Leibman provided insights on new technologies in transportation for a *Law360* article entitled “Evolving Tech Drives New Risks for Transpo Cos.” on November 22, 2017. Ron discussed “disruptors” in the freight trucking industry, saying that the impact is “moving the industry forward in a good way” as a tool to help “make better decisions.” See full article at [Law360](#).
