

Riker Danzig Sponsors Successful Fourth Pedal for Preservation

On June 6th, cyclists hit the trail for the fourth annual Pedal for Preservation to raise money for The Land Conservancy of New Jersey. "This has become one of our signature annual fundraising events," David Epstein, president of The Land Conservancy, explained, "and it couldn't happen without our volunteers and sponsors." Since 1981, the Land Conservancy of New Jersey has helped to preserve thousands of acres across the state, and advises municipalities on preservation strategies. Partner Dennis Krumholz serves on the board of the Land Conservancy of New Jersey.
