Riker Danzig attorneys Marilynn R. Greenberg, Mark S. Rattner and Steven T. Senior were quoted in a *New Jersey & Company* article regarding the Licensed Site Remediation Professional Program's impact on lending. The article focused on the benefits bankers can gain by fully understanding the LSRP program. "There's a lot of good in this [program]," says Riker Danzig counsel Steve Senior. "Something had to be done and this really changes the way we do things. The emphasis is on time--LSRPs can do this quickly and avoid DEP waiting time. Costs may go up or down, but there will be more predictability." For the full article, please go to <http://www.njand.com/news/magazine.php/2010/01/05/p4392#more4392>.
